Product Specification Sheet

Targus 13” Privacy Screen for Mac®

Part #: ASF133W1US

Product Description:

Convenient confidentiality. Keep it to yourself with Targus for Mac® Privacy Screens. Keep prying eyes at bay and block viewing beyond 45° from the center line. Double-sided adhesive allows for semi-permanent mounting, while the inconspicuous, transparent tabs let you swiftly slide the screen on and off to suit your mood and surroundings.

Anti-glare screen coating provides further protection by reducing eye strain and safeguarding screen from scratches and smudges. Lightweight, ideal for travel or office use, and available in three sizes.

Product Features and Specifications:

- **Microlouver technology** - Tiny vertical blinds in the privacy screen narrow the viewing angle, keeping prying eyes at bay and blocking viewing beyond 45-degrees from the center line of the screen. Ideal for high-traffic areas and just plain keeping your stuff to yourself.
- **Anti-glare screen** - Unique, matt-finish anti-glare screen coating reduces eye strain and safeguards your screen from scratches and smudges.
- **Easy Attach** - Quickly attach with clear double-sided adhesive strips or transparent tabs that adhere easily to the edge of the LCD screen. Clear, inconspicuous tab guides can be positioned so that the privacy screen can easily be slid on and off.
- **Portable** - Slim, lightweight and easy to remove and reattach for easy portability. Ideal for use on the road, in a plane or in the office.
